Handling of Maintenance Manuals

The HDC-500, HDCA-350, HDCS-350, and HDCO-350 are packed and shipped individually, however, operation and service are dealt with as a whole system. Thus, the Maintenance Manual for the HDCA-350 comes in a binder to which the other manuals can be added to facilitate easier file maintenance.
Although it may seem troublesome, please file away the manuals of the other units in this binder.
